

As scientists we will learn about:

The sun, the earth the moon and other planets in the solar system.

As artists, we will explore:

Architecture and building design.
We will find out about tiny houses and grand designs and will design our own dream house.

As historians we will learn about:

How the Mayan Civilisation contrasts with British history and how it has influenced our lives today, through discoveries, inventions and social interactions.

As writers we will :

Write a letter of complaint, write a scene from a film and write a story about defeating a monster.

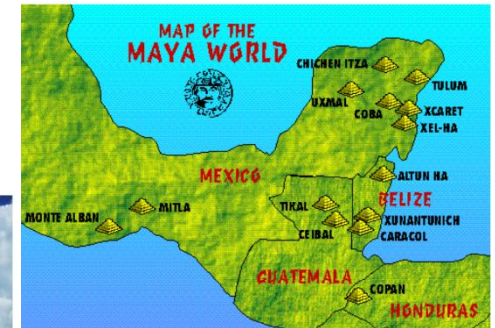

As performers, we will

Continue to learn guitar

Participate in our end of year production and show off our talents in the music recital.

As users of technology, we will learn about:

How to use tools on PowerPoint to create vector drawings
